

# THIS CLADDING HAS IT ALL.

ASCEND® HAS THE REMARKABLY **REALISTIC LOOK OF WOOD** YOU WANT – AND THE **LOWER TOTAL INSTALLED COST** YOU NEED.

## QUICK SPECS:

- 7" flat-face plank with cedar mill grain texture creates authentic, high-end style
- 20 virtually maintenance-free and fade-resistance colors for greater design options
- Lifetime limited warranty without proration; see warranty for details
- Visualizer design tool lets you instantly create exterior designs

### EASY INSTALLATION

- Easier and quicker to install than fiber cement and engineered wood
- Fewer steps – no sealing, touching up, joint flashing or caulking
- No skilled labor, special tools or respirators needed
- Strong, lightweight construction with self-aligning stack lock
- Compatible with standard and architectural trim packages
- Faster turnaround – complete more projects with less time and labor

### LONG-LASTING PERFORMANCE

- Resists high winds, moisture, impact damage and more
- Class A Fire Rating for use on Building Types I-V
- R-Value of 2.0 for potential energy-efficiency benefits
- Virtually maintenance-free, never needs to be painted

### RECOGNIZED FOR QUALITY AND INNOVATION!

- Voted "Most Innovative Building Material" at IBSx 2021
- International Design Awards Product of the Year Award, IDA
- Gold Innovation Award, Executive Home Builder
- Recognized as an approved exterior cladding in Loudoun County, VA, the wealthiest county in the nation\*
