

ASCEND[®] 12" BOARD & BATTEN

HIGH-END QUALITY AND STYLE WITH **ADVANCED DESIGN INNOVATIONS.**

Featuring the realistic look of wood and high-performance technology of ASCEND Composite Cladding planks, ASCEND 12" Board & Batten beautifully replicates the artisan details of this historical handcrafted siding. The ample 10" board with 2" batten provides visual depth and striking architectural appeal as a vertical accent or whole-house exterior.

ENGINEERED TO OUTPERFORM AT EVERY LEVEL

Delivers the look of real wood – you'll have to touch it to tell the difference

Extra-wide 12" panel width with 3/4" projection creates a custom-crafted appearance for your home

Virtually maintenance-free; won't rot, swell or warp and never needs to be painted

(GP)² Technology[®] delivers greater structural integrity – resists high winds, moisture and impact damage from dents and dings

Class A fire rated flame retardants decrease the spread of smoke and flames

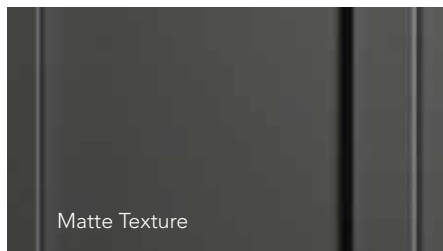

Thermal insulating properties of R-1.6 may help reduce energy loss*

Lifetime limited, transferable warranty** for added peace of mind

Cedar Mill Grain Texture

Matte Texture

21 FADE-RESISTANT COLORS
